The initial cost of the dispensary equipments as estimated by the S.S. will be Rs 1200 for medicines, and instruments, and Rs 500 for beddings, cleaning etc i.e. about Rs 1700

There is no provision in the budget for the expenditure. An additional grant will be necessary for the initial and recurring expenditure. The amount of the latter will depend upon the date upon which the dispensary is started.

There is no information in the Secty regarding this dispensary, nor does the Sr Surgeon seem to be quite definite as to when he can begin work in it

25) As it is a Special institution its cost may perhaps be entirely borne by Government. When the amount required this year is known an additional grant may be obtained from the Legislative Council. For future years provision will have to be made in the budget.

I would respectfully suggest that the actua opening of the institution at the expense of Government may be deferred till provision to mee the initial and recurring expenditure is actuall made. There is no margin for additional expendi ture in the current year's budget and the fore- cast of the financial prospect of next year does not permit of undertaking new committments.

With this explanation I have proposed some alterations in pencil which may be kindly approved.

The chief engineer says that an estimate for Rs 2900 has been submitted to him for sanction, for putting up the Compound wall latrine etc of the new tuberculosis dispensary at Mysore. A sum of Rs 1250 is reported to have been given for this purpose out of the estate of the Third Illadariya Rani avl. The remainder viz Rs 1650 has to be paid by Govt.

About the opening of the dispensary, medical attention is invited to the note of the financial Secy at para 32 supra The points for orders are, 1) sanction of Rs 1650 for the Compound wall etc. 2) whether the dispensary is to be opened now or put off till the next official year, 3) if it is to be opened immediately provision of funds for the medical and recurring Cost.

The SS has already pointed out that of the dispensary is to be opened immediately an extra grant for the initial and recurring cost is necessary.

It has been the policy of Govt for some years to avoid a deficit in the year's accounts.

The limitation of funds is inexorable.

The amounts involved in this case may not be very large - but when the Revenue position for this year according to the forecast now prepared is expected to result in a deficit, any new expenditure, sanctioned will worsen the situation -

We have not heard from the Municipality at all. The first time to be asked to get the matter on pond earlier & the second reminder. But it seems to me that it will be a waste of time to ~~decide~~ wait for the decision of these two bodies before opening this Hospital for the public. I would suggest that Govt may provide the necessary funds in anticipation of getting a suitable contribution from the local bodies & opening the dispensary at once. If the contribution is not forthcoming, the whole cost will fall on the Govt — There is no help for this, but then there is no reason to anticipate such a contingency

GEN. & REV. SECTT.
11 JAN. 1927
G. D. SECTION.

The General Secretary to the Government of
His Highness the Maharaja of Mysore, Bangalore.

Sir,

With reference to your letter No.G.7007/Med. 122-26-1 dated 22nd December 1926, I have the honour to state that the building for the proposed Tuberculosis Dispensary at Mysore, wants a compound wall, a latrine and a kitchen and the ~~Executive~~ Chief Engineer has been addressed in the matter. The building has not been yet handed over to this department.

As regards equipping the dispensary, arrangements will be made to send the necessary supply of medicines and appliance and instruments from the Medical Stores as is done in the case of Local Fund Dispensaries, together with necessary furniture, the cost of which is estimated at Rs.1,200 for medicines, instruments, etc., and Rs.500 for furniture, bedding and clothing.

The monthly recurring charges are estimated at Rs.180/- on the scale noted in the margin. The cost of maintenance of the branch dispensaries in the Mysore City is met by the City Municipal Council and the Mysore District Board, in the proportion of two-thirds and one-third, respectively, except the pay of the Sub Assistant Surgeon, which is met by Government.

Sub Asst.Surgeon.(50-5-100) average	Rs.81
Do. Charge Allowance	Rs.20
Compounder(20-30)Average.	Rs.25
Dispensary Attendant.	Rs.10
Water woman. ...	Rs. 7
Midiwife (to help in examining female patients.)	Rs.25
Fixed Contingencies.	Rs.12
Total.....	Rs.180/-

As no proposal in this behalf has emanated from either of these local bodies, and as the dispensary is understood to be a gift of the Palace authorities, I feel some deli-

delicacy about addressing the local bodies regarding their willingness to bear their quota of the usual maintenance charges other than the pay of the Sub Assistant Surgeon in charge and the initial cost of Rs.500 on furniture and fittings and solicit instructions of Government in the matter. As no provision on this account has been made in the sanctioned budget estimate for the current year, the question of source to meet the cost has also to be decided. An application for an extra grant to the required extent, which will depend on the date on which the institution is to be started, will have to be made and the grant secured.

The institution could be opened as soon as definite orders on the above points are passed.

I have the honour to be,

Sir,

Your most obedient servant,

Senior Surgeon.

SIR

With reference to your letter No.G.7103/Med. dated the 23rd December 1926, re the construction of a compound wall, outhouse and latrine to the Tuberculosis Dispensary at Mysore, I have the honour to forward herewith, for information, a copy of letter No.431 dated the 1[illegible] January 1927 received from the Executive Engineer, Special Division, Mysore, reporting the progress made so far on the compound wall to the building. The Executive Engineer has been requested to put the other works also in hand and complete the same as expeditiously as possible, in view of their urgency, pending sanction to the estimate and allotment of funds therefor.

2. An estimate for the above works amounting to Rs 2,900 has since been received from the Executive Engineer, Special Division. This will be sanctioned by me in due course after scrutiny. Against this estimate amount, a sum of Rs 1,250 has been made available from the estate of the Third Maharaja Kumari. As regards the balance, it had been ordered by Government that it should be met from the Medical Department Budget and from the Annachattram Fund.

3. The Senior Surgeon and the Muzrai Commissioner, who were addresse have in their letters Nos.C.1342-1 and C.632/26-27 dated the 12th November and 10th December 1926, respectively, (copies enclosed) expr[illegible]

their inability to spare any funds for the purpose. As the works have however been started already being of an urgent nature, orders of Government may kindly be obtained in the matter of providing necessary funds therefor.

Letter No.431 dated the 13th January 1927 from the Executive Engineer, Special Division, Mysore, to the Chief Engineer of Mysore.

Tuberculosis Dispensary- compound wall,&c,Mysore.

With reference to your No.6373 dated the 10th January 1927, I have the honour to report that the work of the compound wall has been started and is expected to be completed by the end of this month. From the Huzur Secretary a sum of Rs 1,250, gift of the 3rd Princess, was only received on 18th December 1926 and this will cover the cost of the wall. The latrine and hot water sheds will also be commenced very shortly and it is requested that the balance amount nearly Rs 1,750 may kindly be made available to enable payments being made, as otherwise the payment is brought under objection by the Audit office. The Senior Surgeon and the Muzrai Commissioner (regarding amount from Annachattram Fund) have replied that the amount cannot be made available and copies of replies were submitted to you. If permitted, these works will also be pushed through and completed before the end of February 1927 pending grant of funds.

Subject.:- Opening of a Tuberculosis dispensary at Mysore.

~~Sir~~,

Sir,

Adverting to Government Order No.C.18-20 Medl.122-26 dated the 15th June 27 sanctioning the opening of the Tuberculosis dispensary at Mysore pending the resolution of the District Board regarding the payment of their quota of the cost, I have the honour to state that the matter was considered by the Public Health Committee at its -- meeting held on 30th July 27. The Committee opined that "there is no provision in this year's bulget. So this may be considered during next year's budget time"

The District Board at their 3rd Ordinary meeting held on 6th August 27 approved of the above resolution of the Committee(Resolution No./27).

An extract from the proceedings of the meeting of the District Board is enclosed.

I have the honour to be,

Sir,
